

## PUSH-BUTTON SWITCHES AND CONTROL PUSH-BUTTONS

- They can be used in both building and industrial installations and safety technology
- Modular design with mounting on the rail DIN EN 50 022 - width 35 mm

### Push-button switches MT2B

- For switching of up to 4 electric circuits up to 25 A
- The circuit is switched on permanently by upper green push-button, and switched off by lower red push-button
- The installed push-buttons can be replaced

### Control push-buttons MT

- **They are created by insertion of a push-button T... into the push-button module MT...**
- Modular design enables push-button replacement and creation of tens of different variants
- Very simple installation and replacement of the push-buttons by the customer
- For switching of up to 4 electric circuits up to 25 A

### Control push-buttons with light indication MT11N, MT22X

- **They are created by insertion of a push-button T... and an indicator light S... into the push-button module MT11N or MT22X**
- Modular design enables replacement of the push-button and indicator light and creation of tens of different variants

- Very simple installation and replacement of the push-button and indicator light by the customer
- For signalling and switching of up to 4 electric circuits up to 25 A

### Control push-button with signal light MT20S

- **It is created by insertion of a push-button T... and an indicator light S... into the push-button module MT20S**
- Modular design enables replacement of the push-button and indicator light and creation of tens of different variants
- Very simple installation and replacement of the push-button and indicator light by the customer
- For signalling and switching of up to 4 electric circuits up to 25 A
- **Signal light – separate lighting circuit**

### Double control push-button M2T11-11

- **It is created by insertion of two push-buttons T... into the push-button module M2T11-11**
- Modular design enables push-button replacement and creation of tens of different variants
- Very simple installation and replacement of the push-buttons by the customer
- **For switching of two independent electric circuits up to 25 A**

### Push-button switches

Contact sequence <sup>1)</sup>	Type	Product code	Weight [kg]	Packing [pcs]
11	MT2B11	11136	0.12	12
22	MT2B22	11139	0.12	12
40	MT2B40	11138	0.12	12

<sup>1)</sup> Each digit indicates successively the number of make and break contacts

### Accessories to MT2B

Labels	P...-LSN	page 25

# PUSH-BUTTON SWITCHES AND CONTROL PUSH-BUTTONS

## Diagram

## Demounting

### Demounting of push-button switches MT2B...

At replacement of the push-button under which there is a spring it is necessary to cut the boss off the new push-button, and only after it to install it in the module

### Demounting of double control push-buttons (M2T11-11 + push-buttons)

### Demounting of control push-buttons (MT.), control push-buttons with indication (MT..N, MT..X + indicator light)

## LOCKING INSERT, LABELS

### Locking insert VU-LSN

- Accessories to: LSN, LSE, ASN, MS
- For reliable locking in both closed and open positions
- The breaking function of miniature circuit breakers is possible also in the locked position
- Max. diameter of the lock shank – 4.5 mm
- The padlock is not a part of delivery

### Label P...-LSN

- Accessories to: LSN, ASN, MS, MT, MK, M2T, MCR, IR116K, C-IR, D-IR, PR116, PR208, ...
- For better orientation in the switchboard
- Use spirit marker for description of blank labels

### Locking insert

Type	Product code	Weight [kg]	Packing [pcs]
VU-LSN	09087	0.002	1

### Labels

Description	Colour	Type	Product code	Weight [kg]	Packing [pcs]
	■	PB-LSN	01499	0.001	20

## INDICATOR LIGHTS AND PUSH-BUTTONS

### Indicator lights S...

- They are designed for signalling after insertion into the modules MS..N, MS..X, MT11N, MT22X, MT20S, MK1, MK2
- Indicator light power: 0.8 W
- Indicator light contains a LED

### Push-buttons T...

- They are designed control after insertion into the modules MT2B..., MT..., MT11N, MT22X, MT20S, M2T11-11

### Indicator lights

Colour	Light <sup>1)</sup>	Voltage [V]		Type	Product code	Weight [kg]	Packing [pcs]
		AC	DC
